- 1 - Numark CD player +USB
- 1 - Shure Wireless microphone, handheld or headset
- 1 - Sm 58 microphone

## Lighting equipment:

- 8 - Par Led RGB spotlights
- 1 - Light control console

## Decoration:

The truck can be decorated with a canvas secured with ties, for better sound reproduction we recommend the use of micro perforated canvas.

Rigid panels can also be fitted, always leaving the output areas of the loudspeakers unobstructed.

Cooling of generators and power racks will not be a problem, as they exhaust at the lower part.

Renting this truck always includes the necessary technical personnel, i.e., the person who will operate the equipment and drive.

The truck has all the documents needed to circulate legally, but the renter will be responsible for obtaining any permits needed for circulating on the roads or in the areas where the activity is to take place.

The service also offers mandatory third party insurance coverage.
